Cologne, 21 March 2012

Type test certificate

Test report no. 3035134

It is to certify that the quality of air from the oil-free water injected ENVIROAIRE compressors with a power range between 15 kW / 20 HP and 110 kW / 150 HP qualifies to be in the category 'Class 0' in terms of total oil content, as defined in the standard ISO 8573-1 : 2010 Part 1.

No siloxanes ($< 0,005 \text{ mg/m}^3$; b.p. 50°C– 250°C) deriving from the compressors could be determined in the compressed air stream.

The detailed report no.: 3035134 with all conditions of the tests (according ISO 8573-2: 2007 and ISO 8573-5: 2001) and results is available.
